🎓 EDUCATION

Kanpur Institute of Technology, Kanpur	2020 – 2024
Bachelor of Technology in Information Technology	7cgpa
Sadguru Public hr. sec. School Chitrakoot M.P.	2019 – 2020
Intermediate (CBSE)	54.8%
Y H B PUB School Gayatri Nagar Mau Chitrakoot. U.P.	2017 – 2018
High School (CBSE)	66.5%

🧩 INTERNSHIP

CodeClause - Python Development Intern
•Served as a Web Development Intern at CodeClause, gaining hands-on experience in web development.
• Contributed to various projects, collaborating with a team of developers to create and maintain web applications.
•Developed and implemented frontend features using python to enhance user interfaces.
•Received mentorship and guidance from experienced developers, contributing to personal and professional growth.

📂 PROJECTS

URL Shortener
- Purpose: A QR Code Generator App can be developed to convert text, URLs, or other data into QR codes.
- Programming Language: The app can be easily created using Python.
- Libraries: Utilize Python libraries that facilitate QR code generation, such as Pillow.
- Functionality: The app will allow users to input data (text, URLs, etc.) and generate corresponding QR codes.
- Scanning Capability: The generated QR codes can be scanned by mobile devices for easy access to the encoded information.
- User -Friendly: The app can be designed to be user-friendly, enabling users to generate QR codes with minimal effort.

Alarm clock with GUI.
- Project: Alarm Clock with GUI.
- Technology: Developed using Python.
- User Interface: Features a graphical user interface (GUI) for easy interaction.
- Functionality: Allows users to set alarms and manage alarm settings.
- User -Friendly: Designed to be intuitive and easy to use for all users.

🧠 TECHNICAL SKILLS

Programming Languages: C++, DSA

Frontend: - HTML , CSS , JavaScript , ReactJs, BootStrap, Tailwind CSS.

Developer Tools: GitHub, VS Code, Vercel.

DataBase: MySQL, excel, MongoDb.

🗂 CERTIFICATES

C++: Guided path on Codestudio And Google Launchpade

HTML: Guided path on Codestudio

Oops in C++: Guided path on Codestudio

Python Development Intern: Guide path on CodeClause

CSS: Guide path on CodeClause
